

VGA and Stereo Audio to HDMI Converter

VGA has and still is long-time standard in the video signal market. VGA is used on many computers, computer video cards, and computer displays/monitors. HDMI is cutting-edge digital video technology on the frontier of technological innovation and steadily replacing old VGA video connections in home theater devices. HDMI offers many advantages over VGA video, such as an integrated connector, digital video, high-definition video, and higher resolution video.

This VGA and Stereo Audio to HDMI Converter Box will convert VGA video signals into HDMI signals, allowing you to display VGA video on HDTV's and other HDMI display devices. With this box, you can connect your computer, DVD/VHS player, gaming consoles, etc., to HDTV's, providing greater flexibility with your video display devices to increase your system's overall technical and economic efficiency. Through the use of this box, you will immerse yourself in brilliant graphics and stunningly realistic video.

Manufacturer's converter boxes are engineered to the tightest tolerances to deliver unwavering reliability during mission critical and stress intensive applications. Every box is designed for optimal performance, and with our converter boxes, you can bask in unmatched video clarity while enjoying realistic and lifelike multimedia experiences.

Important Notice: For 1080 resolution, the TV must support 1080p. If the VGA output is 1920x1080, then the refresh rate must be exactly 60Hz. If your video source cannot do this, then try setting the VGA output to 1280x720 or below for maximum compatibility.

Specifications

- Converts VGA and 3.5mm Stereo to HDMI
- Toggle switch for either 720p or 1080p output
- Upscales VGA to HDMI 720P or 1080P
- PC VGA Resolution inputs:
 - 1920*1200 @ 60Hz
 - 1920*1080 @ 60Hz
 - 1680*1050 @ 60Hz
 - 1400*1050 @ 60Hz
 - 1440*900 @ 60Hz
 - 1360*768 @ 60Hz

- 1280*960 @ 60Hz
- 1280*800 @ 60Hz
- 1280*720 @ 60Hz
- 1024*768 @ 60Hz/75Hz
- 800*600 @ 60Hz/75Hz
- 640*480 @ 60Hz/75Hz
- HDMI 1.3 and HDCP Compliant
- Includes 5V power supply
